

RETIREMENT PLAN

Ingham County's retirement program is with the Municipal Employees' Retirement System (MERS). The Municipal Employees' Retirement System establishes the administrative procedures and various benefit programs that are available for member governmental units.

Ingham County offers a MERS Hybrid Plan which consists of a Defined Benefit (DB) component and a Defined Contribution (DC) component. The County and the Employee will contribute to the Defined Contribution (DC) component of the Plan. The County will match the Employee's contribution of the employee's payroll for the cost of the Defined Benefit (DB) component of the Plan. Employees are allowed to make additional contributions as allowed under the Plan, MERS regulations, and any applicable laws.

When you have a question, you may also contact the Employee Services Coordinator in Human Resources Department at 517-887-4373 or kbowen@ingham.org
