Use Your TASC Card

The TASC Card allows you to pay for eligible expenses when the service is provided or when an eligible product is purchased.

When you incur an eligible benefit expense, simply swipe your TASC Card. The card pays for and substantiates most eligible expenses at the point of purchase—eliminating the need to submit reimbursement requests.

All TASC Card transactions and services must occur within the plan year.

Your TASC Card is good for four years—so hang onto it even if your funds are depleted. Your card will be reloaded at the beginning of each plan year.
